When you click on **Meets**, you'll be presented with all of the upcoming meets your swimmer is eligible to enter. (Eligibility is determined by the coaches, and is dependent on the level and type of meet. See your squad page on the [AVSC website](#) for a useful explanation of meet levels)

Click on the meet your swimmer wants to enter. Make sure you take particular note of information in the **Description** (below). This will give guidance on whether there are upper or lower entry times limits applicable and whether "No Time" entries will be accepted.

You will be presented with all of the events that your swimmer could be eligible to enter. Tick all of those that they wish to enter. Events highlighted in red are those that your swimmer isn't eligible to enter, based on their time (they're either too fast, or too slow). The system won't let you tick the box for these events. However, note that you **aren't** automatically prohibited from entering events where your swimmer is showing NT (no time). This is because the rules about whether NT is an acceptable entry time will vary from meet to meet. *Please check the specific meet description on the previous screen to determine whether you can enter these events or not.*

Note: LQT = lower qualifying time and UQT = upper qualifying time
